Description

A good example of a brass letter or paper clip dating from the early 20th century. It is modelled in the form of a hand with an elegant cuff and ring on one finger. It is sprung and opens to act as the clip and there is a hole in the back for hanging. It is in good original condition and has developed a lovely patina. There are no major damages and the hinge clip is in good order. There are a few minor surface marks and signs of age and use but nothing detrimental. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £6, rest of the world £20
