Description

A good quality Georgian oak corner cupboard dating from the late 18th Century. It has a nicely panelled door with brass hinges and a brass escutcheon with pull handle. It also comes with a working key. It has a shelved interior with three shelves and two small drawers and the interior has been painted at some point. It is in good condition with a lovely rich patina. There have been some old repairs to strengthen the panel in the front door but overall it is strong and sturdy and the hinges are in good order. There are of course some signs of age and use, some light marks and knocks but nothing detrimental or untoward. It is generally clean and tidy inside. It has been cleaned and lightly polished and is ready for use.
