Antique Revue half hunter pocket watch

Price

Sold**Item Reference: SA1074829****Date of manufacture: 1930**

Description

Antique Revue half hunter pocket watch. The watch has a 15-jewel Swiss stem-winding movement, identified as by Revue, which is working nicely. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the gold plated Star model from the Dennison Watch Case Company. Overall, the condition is good... there is a small "ding" towards the edge of the front cover, and some rubbing to the bottom edge by the hinge. The winding crown pushes in to open the front cover. Inside, there is an acrylic lens which is in good condition (some reflection showing in the photos). The dial is in lovely condition with blued steel hands, including the special half hunter hour hand so that the time can be read when the front cover is closed. The minute hand is a period replacement. The watch comes in a new presentation box.
