Description

A beautiful and impressive pair of antique fluted brass table lamps. They were made in England, we would date them to around the 1920-30's. They are a great size, tall and striking, the quality is amazing. They are designed in the image of candlesticks, with fluted brass columns and nice details to the bases. The brass has a gorgeous patina and colour tone. They are in excellent condition, with just the right amount of wear. They have been re-wired and are in good working order. We have paired them with a fantastic pair of green shades which compliment the style beautifully.
