Description

A 18th Century Carved Oak Mule Chest Coffe. This is a lovely old piece, unusually it has two drawers at the bottom rather than one. The chest has three carved panels on the front, the centre one has a staring green man face and there are two more faces carved into the space between the handles of the drawers. Around the heavy top of the coffe there is twisted vine carving to complement the other carvings. On the front, there is an oak candle box inside. The sides and back of the chest are panelled, the chest is on wheels these are not original but very handy as it is a very heavy piece. The Box has blacksmith made hinges. It is a good colour, it is in good condition for its years there are a few use marks on the top but they blend in well. The coffe is 53" long, 23" deep and 30" high. DELIVERY OF THIS PIECE TO ALL OF MAINLAND ENGLAND AND WALES IS INCLUDED IN THE PRICE. Delivery times vary from 7 to 28 days.
