Antique silver Omega pocket watch, c1910

Price

Sold

Item Reference: SA1076194

Date of manufacture: 1910

Description

Antique silver Omega pocket watch, c1910. The watch has a stem-winding movement which is working nicely. The movement is signed with the Omega name, and it is all protected by an inner hinged cover which has details of medals won in Paris 1900. The watch measures 50mm diameter excluding the winding stem and the loop. The case is Continental silver and the back cover has the early Omega logo. The case is in good condition, perhaps a gentle indentation to the back. Handsome decoration to the back of the watch, including a vacant cartouche. The glass lens is in good condition (some reflection showing in the photos). The lens looks lovely to the naked eye. If viewed through a magnifying loupe, there are three short very faint hairlines between 2 and 3. The watch comes in a new presentation box.
