A very attractive set of 6 silver gilt teaspoons/demitasse spoons all marked for Germany on the reverse of the bowl. Each spoon is decorated to the finial with a butterfly on a flower, front and reverse. The bowls are fluted very organic decoration typical of this period of silver. Silver gilt is in good order commensurate with age, I think it is only the bowls that have been gilded. Original box with retailers name Harry Lohde Jeweller, Hamburg. 800 silver L 10 cm
