Description

Antique Revue pocket watch and chain. The watch has a Swiss stem-winding movement which is working nicely. The movement has been identified as a Revue. It is all protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold filled and it is in good condition, just light surface marking and very minor indentations to the back. The glass lens is in good condition. The dial is in lovely condition with blued steel hands, a subsidiary seconds dial and outer minute markers. The watch comes with a single chain, 31cm long including the T-bar and the clasp. The watch and chain come in a new presentation box.
