Description

Large and impressive late 19th century Japanese bronze and cloisonné censer, c1880. Well cast and beautifully decorated it weighs 3.5 kg and stands over a foot tall. The enamel work is bright and vibrant with peacocks, flowers etc beautifully picked out in blue, yellow, red, green enamel. The lid is topped with a large Kylin finial. The handles are highly stylised with temple lion masks and the four feet also terminate in Lion masks. The main body has two large panels, one depicting a large sailing boat with a smaller boat and the other a group of 3 figures under a tree. The base has character marks and the bronze has taken on great colour/patina following many years of use. Overall condition is very good with no obvious issues.
