Description

Silver purse watch in the form of a handbag, 1933. The watch has a good quality 15 jewel, 2 adjustments, hand-winding movement which is working nicely. The movement is housed in a silver inner casing, hallmarked for 1933. The purse is in the form of a handbag, and it measures approximately 38mm square plus the handle. The case is silver and is hallmarked for Birmingham 1933. The little tab inside the handle pushes down to open the watch up. Inside there is a glass lens which is in good condition, just one nibble on the top right corner. The dial is in its original textured finish with original hands.
