Description

Early Heals Edwardian Antique Oak Chest of Drawers A super quality, solid English oak chest of drawers by Heals, an early design that dates to 1910. Quite a rare model, we have only had the two over three version of this before. Very well made, even the drawer linings are in solid oak and the two over two graduating drawers all have the original brass handles and all the brass locks are stamped by the maker. In excellent condition and all a very good original colour. This Heals antique oak chest of drawers stands on square legs that have moulded stiles. A lovely original example.
