Description

Gents Buren Grand Prix wrist watch, c1960. The watch has a 17 jewel hand-winding movement, signed Buren Grand Prix, which is working nicely. The watch measures 34mm diameter excluding the winding crown and the lugs. The case is gold plated while the case back is stainless steel. There is a little marking and wear to the plate. The signed case back states that the watch is waterproof but, as with any vintage watch, it should be kept away from water and moisture. The lens is in good condition (a little white reflection showing in the photos). The dial is in its original finish with original hands, centre seconds hand and outer minute markers. A new leather strap has been fitted. The watch comes in a new presentation box.
