Description

This is a spectacular oil on canvas painting of tropical birds. I believe Italian in origin and dates to the late 19th early 20th century. The vibrant colours of the birds matched with the subtle background make this hugely decorative and it will sit well in a huge number of interiors. Clean condition with no damage but the canvas has been backed for its protection. No signature but true quality with a great amount of details in the brush strokes. Height 126cm Width 174cm
