Description

This charming Arts & Crafts occasional or lamp table, designed in the style of Liberty & Co., dating back to the turn of the 20th century. The table is delightfully compact, making it a versatile piece that can fit into various spaces and serve multiple purposes. The table is crafted from rich walnut wood, known for its durability and fine grain. The wood's warm tones and intricate patterns add a touch of natural beauty to the piece. The base of the table is particularly striking, featuring a tapered design, this unique shape gives the table a sense of stability and balance. One of the most distinctive features of this table is the inverted pierced tulip design on the base. This intricate detail showcases the craftsmanship and attention to detail typical of the Arts & Crafts movement. The tulip motif, a popular symbol in Arts & Crafts designs, adds a touch of elegance and sophistication to the piece. The table is finished with a hammered copper top, a characteristic feature of Liberty & Co. designs. The copper top not only provides a durable and practical surface but also contributes to the table's aesthetic appeal. The hammered finish gives the top a textured, handcrafted appearance.
