Description

A rare opportunity to secure a wonderful oversized silver plated vase designed by Luc Lanel in the ondulations pattern, originally designed for the First Class Dining Room and Bar of the ocean liner, the S.S. Normandie. This grand ship was the ultimate in art deco interiors. Just back from our silversmith's workshop where it has been professionally cleaned and polished, restoring it to its former glory. The underside is fully marked with the cockerel mark above "Gallia" together with "France" and the "knight" chess figure in a square box between two letters "O" and "C" (which is the abbreviation of the two words "ORFÈVRE CHRISTOFLE"). Finally Prod. Christofle is used. A superb highly collectable piece in excellent condition. Spanning 8" in diameter across the rim and standing 13" tall; the largest I have ever seen in this design.
