Description

A Garrard Clock in a mahogany cased 12" spring driven dial clock, in a good working order with a clear dial. Clock is spring driven and runs for approximately eight days on a full wind. Circa 1920's. Measurements: L: 40cm, W: 40cm, D: 5CM. All of our clocks are serviced and cleaned before they are delivered. Great care is taken with packing and a private courier service is used. Payment by PAYPAL or bank transfer please. Great care is taken with packing and a private courier service is used. We sell mechanical watches and clocks as working functioning time pieces, rather than simply an antique or collectable object. The clocks or watches will need a few days to settle following transit. Antique movements are fragile and can easily be damaged due to mishandling or dropping. We do not accept returns where there has been physical damage or the movement has been interfered with, altered, or taken apart. If your watch or clock arrives damaged following transit, these exclusions are irrelevant, but you must notify us immediately within 24hours of receiving the clock or watch if this is the case. All items are sold as seen.
