Antique Hebdomas pocket watch

Price

Sold**Item Reference: SA1082120****Date of manufacture: 1910**

Description

Antique Hebdomas pocket watch. The watch has a stem-winding movement which is working nicely. The movement is covered by a large barrel which has details of medals won at Chicago, Milan, Paris, Geneva and Brussels. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and it is in good condition with just light surface marking, nothing serious at all. Nice engine turned detail to the back with a vacant cartouche to the centre. The acrylic lens has light marking but you have to look closely to see it. The signed dial is in lovely condition with original hands. Exposed balance. The watch comes in a new presentation box.
