Description

This nice Royal Dux Bohemia Cockatoo Parrot figurine is a stunning art sculpture. With its beautiful hand-painted gloss finish, this porcelain figurine looks honourable. The intricate details of the parrot's feathers and the bright pink color make it a unique and eye-catching piece. The figurine is an original, handmade product from 20th century. It is a perfect addition to any collection or as a decorative item for your home. This Royal Dux Bohemia Cockatoo Parrot Mid-Century figurine is sure to impress any bird lover or collector. The famous pink triangle of the Royal Dux on the base. It is with pieces like this that Royal Dux has earned its place among the best porcelain factories in the world. It is important to note the size of the sculpture - sculptures of this size were usually used to attract the attention of those present in large rooms, in the homes of wealthy people. Royal Dux porcelain is a type of fine porcelain that was first produced in the town of Duchcov, in what is now the Czech Republic, in the late 19th century. The company was founded in 1853 by Eduard Eichler and in 1860 it began producing fine porcelain pieces. In 1896 it was granted the status of a...
