

SA1082388

Antique Omega gun metal pocket watch

Price

Sold**Item Reference: SA1082388****Date of manufacture: 1910**

Description

Antique Omega gun metal pocket watch. The watch has a good quality stem-winding movement which is working nicely. The movement is signed with the Omega name, and it has the serial number 4,809,872 which dates it back to 1912. The movement is protected by an inner hinged cover. The watch measures 49mm diameter excluding the winding stem and the loop. The case is gun metal with rose gold detailing, and it is in good condition, just the usual surface marking that you see on gun metal cases. The inside of the case back is signed with the early Omega logo. The acrylic lens is in good condition (some white reflection showing in the photos). The signed dial is in beautiful condition. The diamond shaped hands are a charming feature. Outer 24 hour numbering in red. The watch comes in a new presentation box.
