Description

This is a Georgian, or possibly very early Victorian, pine chest of drawers featuring two small drawers over three full-width drawers. It stands on bracket feet, and all drawers slide smoothly. Currently in bare wood, it is available for £620, or waxed for £697. Each drawer is fitted with a 1920s oval brass drop handle, which is not original. We can source more authentic handles from the period if desired; please inquire for details. Please note that the top has had a strip added at some point in its history. See the video for details, but it should look fine when waxed. We are happy to discuss further. Dimensions: Height: 40.5" Width: 38" Depth: 20"
