Date of manufacture: 18th Century

Dimensions

Height = 18.8 cm (7.4")

Width = 6.4 cm (2.5")

Depth = 6.4 cm (2.5")

Description

A fine example of an early beech turned slickenstone / smoother, which was used to smooth out creases in linen and pressing cuffs and collars....it is quite unusual to find wooden examples as most were made from glass....it is decorated with fine incised ring decoration, typical of the period and has gained a very good colour from years of careful domestic use. English. C1780-C1800.

Internal Ref: MS 8057
