

SA1083756

19th century Dutch settee

Price

Sold**Item Reference: SA1083756****Date of manufacture: 19th Century**

Description

This settee has been re-upholstered . The solid wooden frame is in superb condition and the Overall appearance of the sofas is that of "William and Mary style". The five legs have the hand carved Flemish scroll . The settee is a petite piece of furniture, easily sitting two, but taking far smaller footprint. The overall length 60inches Depth 26inches Height 29 inches. The sides protecting from draughts , are the same height as the back they however have an elegant outwardly tapering sabre shape. Hand carved hardwood legs and facing panel. Rare to find such a delightful piece, which would compliment any drawing room or bedroom. Please contact me for further details/photographs

Internal Ref: Grid/jul
