Description

A stunning rare pair of Georgian antique solid sterling silver berry serving spoons. The hallmarks are difficult to decipher but I would date them to c1770. They have been superbly made being embossed with berries and ferns. They are in superb condition being free from dings splits distortions and repairs. They measure approx. 8.25 inches (21.2cm) long by 1.75 inches (4.6cm) wide and weigh 124 grams combined. A super quality pair.
