Price

Sold**Item Reference: SA1085225****Date of manufacture: 1890**

Description

Chunky antique Victorian silver watch chain. The chain measures 30cm long including the T-bar and the clasp. The piece is probably Continental and, as such, is not hallmarked but we have carried out tests and the results tell us it is silver, probably 800 purity. This is a chunky piece which would suit a larger pocket watch, the chain is just a fraction under 1cm wide. Total weight 49g.
