Description

Antique Omega pocket watch, 1924. The watch has a 15-jewel 19LB stem-winding movement which is working nicely. The movement is fully signed and it has the serial number 6,126,114 which dates it back to around 1924. The movement is protected by an inner hinged cover which has three little "dings" and some scratching where it has been opened in the past. The watch measures 51mm diameter excluding the winding stem and the loop. The case is 800 silver and it has a rose gold wash around the edge of the case back and bezel. There is some rubbing to the gold wash and there are some several little bruises around the bezel and edge of the case. The hinged case back has a vacant cartouche surrounded by engine turned detail. The acrylic lens is in good condition. The signed dark blue dial has Breguet style hands and numbers, a subsidiary seconds dial and outer minute markers with 24 hour numerals. There is a scratch on the sub seconds dial. The watch comes in a new presentation box.
