Description

This is a good 19th century French dining table in nice original condition dating from around 1870. The table has a traditional four plank top with cleated ends and attractive curved cabriolet legs. The curved and shaped frieze is another attractive feature and this has a useful long drawer to one end and preparation slide to the other. This has a really nice colour and patina to the solid fruitwood and is a great size measuring 168 cms long by 70 cms deep and is 78 cms in height. There is 62 cms of legroom from the floor to the base of the frieze. UK delivery can be arranged with our trusted furniture courier and costs £65 plus vat to most destinations.
