

SA1085600

Antique silver Waltham pocket watch and chain

Price

Sold**Item Reference: SA1085600****Date of manufacture: 1920**

Description

Antique silver Waltham pocket watch, 1925. The watch has a seven jewel stem-winding movement, grade 610, which is working nicely. The movement is fully signed and it has the serial number 24086795, which dates it back to 1921. The movement is protected by an inner hinged cover. The watch measures 49mm diameter excluding the winding stem and the loop. The case is silver and there are Birmingham hallmarks inside the two back covers for 1925 with the case maker's mark for the Dennison Watch Case Company. The case has a vacant cartouche to the back, and a coin edge to the side. The case has light surface marking but overall it is in nice condition. The acrylic lens is in nice condition. The signed dial is in nice condition with original blued steel hands. The watch comes with a late Victorian single silver chain, hallmarked for 1895. The chain measures 31cm long including the T-bar and the clasp. It weighs 39g. The watch comes in a new presentation box.
