Sold

Item Reference: SA1085639

Date of manufacture: 1950

Description

Gents 9ct gold Smiths De Luxe wrist watch, Austin Motors, 1954. The watch has a 15-jewel hand-winding movement, stamped Made in England, which is working nicely. The watch measures 31mm diameter excluding the winding crown and the lugs. The case is 9 carat gold and there are hallmarks inside the case back for Birmingham 1954 together with a maker's mark for the case manufacturer Aaron Dennison. One of the lugs has been professionally re-attached at some stage in its life, and it is nice and secure. The case is in good condition. The back of the watch has a long service inscription from The Austin Motor Company, awarded in the year of the company's Golden Jubilee. The lens is in lovely condition. The signed dial has darkened a little with age but is in good condition with original hands, a sunken subsidiary seconds dial and outer minute markers. A new leather strap has been fitted. The watch comes in a vintage presentation box from a Worcestershire jeweller, so near to where the watch was made.
