Description

This Rustic Ship Diorama has so much charm and has a real character to it. Presented in a simple frame, the actual boats have a particularly good depth to them to give an enhanced 3D look. The larger ship resplendently displaying a full array of sails, is supported by the much smaller boat in the bottom corner helping to give scale to the scene. Would look great in any nautically themed environment. Circa 1920s Dimensions Width 25½in/65cm Depth 3in/8cm Height 15in/38cm
