Description

Extremely heavy and very stylish geometric patterned vase by a Karl Palda. Great size for modern day use, please see dimensions this is one of the tallest vases we've had, this is one of two see other listings for different colourway. Deceptively heavy vase. With the black & Emerald green enamel decoration against clear glass makes this a very striking design, simple but very elegant. Condition is excellent there are no chips or cracks. The odd little mark here and there but generally speaking this vase is in superb state. Originates from Czech Republic. Ideal for display or use, rare size. Lovely. Art Deco design at its finest.
