Antique Douard goliath pocket watch

Price

Sold**Item Reference: SA1087318****Date of manufacture: 1900**

Description

Antique Douard goliath pocket watch. The watch has a stem-winding movement which carries the brevet, or patent, number 7032. This relates to an 1893 patent for a new watch calibre, with the inventor and applicant listed as Amedee Douard. The movement is protected by an inner hinged cover. The watch measures 69mm diameter excluding the winding stem and the loop. The case is nickel and it is in good condition, just general light surface marks but nothing too detrimental at all. The rose gold edging to the inner edge of the bezel is a handsome feature. The thick glass lens is in good condition. The dial is in lovely condition with original pin-set hands, a subsidiary seconds dial and outer minute markers. The watch comes in a new presentation box.
