Height = 14.2 cm (5.6")

Width = 6.1 cm (2.4")

Depth = 6.2 cm (2.4")

Description

Technical Description A superb set of six mid-19th century opaque twist wine glasses. They have conical bowls with an annulated shoulder knobs. They sit on thin double series opaque twist stems and conical feet with polished pontils. The form, which is very distinctive, with the shoulder knob and very thin stem is attributed to the Edinburgh and Leith Glassworks in the first half of the 19th century. We've had very few of these glasses over the years, but this is the very first time we have had or seen and complete set of six. They are for the era in which they were made, wine glasses, however, today, based on the size of the bowl, we are more likely to classify them as port or sherry glasses. A magnificent period set all in original condition. **Date & Origin** Scotland c1850, Period of Victoria **Condition** Excellent, no damage or restoration. Clean and clear. **Dimensions** Height: 14.2cm Rim diameter: 6.1cm Foot diameter: 6.2cm

Internal Ref: 2024080301
