## Description

This is an antique corner wall cupboard. An Italian, walnut mounted cabinet, dating to the late Victorian period, circa 1900. Attractive Continental cabinetry, with appealing decorative touches. Displays a desirable aged patina and in good order throughout. Quality walnut stocks present fine grain interest and rich caramel hues. Arranged as a single cabinet with shelf to interior, over a useful lower drawer. Arcading adorns the top, with 9 turned finials following the outer crown moulding. Upper apron decorated with relief carved grapevines, between pyramid forms. Field panel door in burr walnut, with a quarter bookmatched frieze to the centre. Dressed with a brass lock escutcheon — in working order, key present. Ornamental carved mouldings flank the door opening. Drawer front accentuated with scrolled foliate relief and a small circular pull. Lower apron garnishes the base, with central lobe set upon a serpentine sash mount. Finished with a pair of brass mounting loops for ease of wall hanging. This is an appealing antique corner wall cupboard, graced with delightful decorative motif and rich in colour.
