**Date of manufacture: 18th Century**

Dimensions

Height = 64 cm (25.2")

Width = 74 cm (29.1")

Depth = 52 cm (20.5")

## Description

A 'lowboy' is a term to describe an 18th Century item of period furniture originally used as a dressing table but now often used as a side table. The antique lowboy originally got its name as it is basically a low, small antique table. They were usually made in English Oak with drawers to the front and solid brass decorative handles. The Georgian period produced more country designs.
