Description

You are viewing a gorgeous Italian Renaissance carved oak settle or hall bench. Just look at the hand-carved details, so intricate and well-crafted. Designs include a military scene to the main panel and sphinx / lion creatures for hand-carved arms. There are also numerous carved faces and soldiers' busts to the top of each corner. So elaborate and characterful, definitely the work of a skilled carver. The bench opens up to reveal the large storage chest inside. Great for a farmhouse look. These work great in a hallway as you can store shoes and Wellington boots in the chest. Offered in great condition, ready for home use right away.
