Description

We are delighted to offer this beautiful pair of vintage 9ct gold garnet cabochon earrings. Displaying cabochons in their best light, these earrings feature a lovely pair of garnets with a deep reddish pink hue. Owing to its design and the fact that they move freely upon wearing, the light bounces off the surface and within the garnets presenting a charming mixture of dark and bright red tones. Versatile in size and not overly ostentatious, this pair may be the ideal countenance to wear with a variety of clothing whether be it in the summer or winter to express an enchanting and mystical aesthetic. A wonderful addition whether be it for a personal collection or as a gift for someone special. The pair is marked 375 (9ct gold) on the pin. All of our jewellery comes with a complimentary hard shell gift box with a velvet interior. Size & Total Weight 8mm x 6mm (garnet size) 1.19g /0.038 troy oz the pair. Condition: great vintage condition with no issues/damage, only minor surface wear commensurate with age - please kindly refer to the photographs for further details. We aim to overemphasize and state these issues (if any) to avoid disappointment and thus pleas...
