Description

A lovely silver and tortoiseshell desk clip in the form of a boy and girl on a seesaw. It is in excellent condition with no losses or damage. There are silver marks for London and the date mark is rubbed but probably for 1896. It is well made, heavy and substantial with a good weight of solid silver. A very unique piece and one we have never seen before. We can deliver free of charge in UK mainland and we can calculate the cost for international delivery. Payment by bank transfer, PayPal or card via telephone.
