Description

A good example of a Chinese style ceramic table lamp dating from the early to mid 20th Century. It is a stylish piece in a striking orange colour and it stands on a traditional carved wooden base with brass fittings. It has been rewired to modern standards to take a standard bayonet bulb and is in working order with a valid PAT test certificate. It is in good condition with no major damages and displays well. There are some minor signs of age and use but nothing detrimental. The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
