## Description

Full of colour and life, this oil on board by the Parisian artist Jean Dehelly is the perfect painting to brighten up an interior and lift one's spirits on a grey morning. Jean Dehelly exhibited still lifes and landscapes in the Salon of Independent Artists from the 1930s. It is still housed in its original frame, which is typical for the post-war period. We are offering this attractive painting in its current, just-discovered, condition, which, I find very appealing. The measurements below are for the frame.
