Description

A wonderful small early fruitwood mortar with its original pestle and attractive double incised ring decorationI love the size of this mortar and the way it has slightly warped over the many years, giving it a very pleasing shape and to have the original fruitwood pestle is a real bonus. The colour from years of careful use in the farmhouse country kitchen is a warm brown colour, you always get with aged fruitwood and it has an excellent patination.....in very good condition. French. C1820-40.
