Description

Antique Ultra pocket watch and chain. The watch has a jewelled stem-winding movement which is working nicely. It is all protected by an inner hinged cover. The watch measures 44mm diameter excluding the winding stem and the loop. The case is nickel and it has a beautiful Art Nouveau pattern to the back. The acrylic lens is in good condition. The dial looks good to the naked eye. If viewed through a jeweller's loupe, there are a couple of very faint short hairlines, and a couple of scratches. Pin-set hands. The watch comes with a single albert with tassel. The chain measures 18cm long including the T-bar and the clasp. The watch and chain come in a vintage presentation.
