Description

I couldn't resist this very good example of a late 18thc copper "tavern" or "coffee house" coffee-pot, with attractive shaped spout, turned fruitwood handle and original "button" knob....pleasing to see the "castellated" seam which joins the body and the seam which joins the rolled copper spout...excellent colour and in fine original condition. English. C1770-90.

Internal Ref: MS 8091
