Description

A superb banker's style desk lamp dating from the early 20th Century. It is a very well made and stylish piece with a heavy copper base and a brass arm and brass shade. The whole lamp moves up and down on the supporting brass rod and the angle of the arm and the angle of the shade can also be further adjusted. The lamp has been re-wired and PAT Tested and is in good working order. The original bulb holder has been preserved with its on/off pull cord. It is in very good condition for its age. The metal has tarnished over time and there are signs of age and use and some minor dinks and surface marks here and there but overall it displays very well. It has been lightly cleaned and polished and is ready for use. Approximate Measurements : Height : 17 1/4" / 44cm Width at base : 6 3/4" / 17cm Shade : 8 1/2" / 22cm x 5 1/2" / 14cm The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
