9ct Solid Gold Cigar/Cigarette Pick Drill with Engine Turned Decorations - Asprey & Co Ltd

Price

Sold**Item Reference: SA1090865****Date of manufacture: 1900**

Description

We are delighted to offer this stylish Vintage solid 9ct gold cigar/cigarette pick drill made in Birmingham by Asprey & Co Ltd in 1992. This pick features a retractable twist design in which turning the ends will reveal the drill/pick which can be used to loosen any tight drawing cigars or to stick the last few inches of your cigar to avoid burning your fingertips. Exceptionally elegant and chic, with its unassuming appearance it could also be worn as a pendant or on a chain as a aesthetic accoutrement in addition to its utility. The exterior has a wonderful classical engine-turned design and being made from solid 9ct gold, it has a wonderful warm (slightly rose) colour tone. A delightful piece of stylish and practical vintage accessory which would make for a splendid gift for a distinguished individual. Fully hallmarked on the side with English hallmarks. All of our jewellery comes with a complimentary hard shell gift box with a velvet interior. Size & Total Weight 4.8cm 5.75g / 0.18 troy oz Condition: excellent vintage condition with no issues/damage - please kindly refer to the photographs for further details. We aim to overemphasize and state these issue...
