Description

PLEASE SEE ALL THE IMAGES A group of rare and elegant walnut Italian arched door/cupboard frames from the late 18th early 19th century (three pieces) These three door frames (one actually has also the door, which makes 4 pieces in total) have dimensions which allow them to be used for great fitted display niches. They could be used also to enclose - with a display showcase - a bespoke arched section of a room or a hallway. Please note that the size of the single door is close to the one of the smaller doorframe, allowing to pair them also in that way, depending on the project. Good condition with the expected wear and tear commensurate with the age. Dimensions: 166 x 85 x 4 (2 large doorframes, of which one has the door) 153 x 84 x 4 cm (1 smaller doorframe).
