Description

A superb set of antique mahogany and leather library steps in the Georgian style. They were made in England, and date from around the 1900-1920 period. The quality is fantastic, they are very useful for reaching high shelves, and also make great side tables / decorative items. The mahogany frame is finely constructed, and the steps have inset tooled leather surfaces. We have had these recently re-polished, the condition is excellent for their age. The mahogany has a wonderful patina with some minor marks and bumps remaining under the polish here and there, commensurate for age. Width – 19 inches , 49 cm Depth – 19 inches , 49 cm Height – 61 inches , 154 cm
