Description

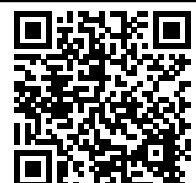

A sought after item of collectable and practical silver. Dating to the mid 1930's this example is of elegant and practical design. The round drip cup stands on a raised pedestal base and is fitted with a shaped and polished ebony handle. The pierced strainer is elevated above the drip cup, being attached to the front and back with wirework mounts and securing pins. Levelled via gravity, it facilitates the draining of excess liquid from the drip cup. The mounts and pins are also designed for the convenient removal of the strainer for cleaning. Tea strainers with drip cups are always in demand and this is a useful and attractive item. Dimensions below.
