Description

A fantastic antique burr walnut card table of the highest order. This was made in England, it dates from around the 1900-1920 period. It is of outstanding quality, with fine and intricate carving throughout. The burr walnut grain patterns and colour tones are gorgeous throughout. The top spins round and flips open to reveal a baize covered playing surface with walnut borders and built in recesses for chips. This is really one of the finest quality card tables you could find. When closed and not in use it makes an absolutely gorgeous console table. We have had this recently re-polished, the condition is excellent for its age.
