Description

An attractive mahogany swing mirror dating from the late 18th / early 19th century. It has elegant square uprights with brass finials and brass handles for tightening and adjusting the angle of the mirror. It stands on a rectangular base with ogee shaped feet and 3 small drawers, the middle with its original working key. It is in good original condition. There are some minor signs of age and use, some light marks and knocks and a couple of small chips on the back but no major damages and it displays beautifully. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £20
