Description

A smart and very well made antique leather desk chair / armchair. This was made in England, it dates from around the 1930's. It is of superb quality, with gorgeous deep buttoned green leather upholstery. It stands on solid mahogany cabriole legs with acanthus leaf carving at the knees, terminating in claw and ball feet. We have had the leather hand coloured and revived, there is some wear and crinkling on the front edge, with no rips or tears. The mahogany legs have also been re-polished. This is in good overall condition for its age, with a lovely patina. Width – 26 inches , 66 cm Depth – 29 inches , 74 cm Height – 33 inches , 84 cm Seat height – 18 inches , 46 cm
